#### **I. SWIMMING POOL ENCLOSURE POLICY**

Pursuant to Section 202.022 of the Texas Property Code, an Owner may install and maintain a swimming pool enclosure on their property to the extent it satisfies the criteria in paragraph one below and complies with the regulations set forth in paragraphs two through six below.

1. “Swimming Pool Enclosure” shall mean a fence that:
  - a. surrounds a water feature, including a swimming pool or spa;
  - b. consists of transparent mesh or clear panels set in metal frames;
  - c. is not more than six feet in height; and
  - d. is designed to not be climbable.
2. All Swimming Pool Enclosures must conform to applicable state and local safety requirements.
3. No Owner may install a Swimming Pool Enclosure prior to submitting a written application to, and receiving written approval from, the Association’s architectural review authority (hereinafter the “ARC”).
4. All Swimming Pool Enclosures in the Subdivision must completely surround the relevant water feature.
5. All Swimming Pool Enclosures must consist of black transparent mesh set in black metal frames, or clear panels set in black metal frames. However, alternative materials and

styles of Swimming Pool Enclosures may be considered by the ARC on a case by case basis if in harmony with surrounding structures and compatible with the architectural design and appearance of the subdivision

6. All Swimming Pool Enclosures, and all Swimming Pool Enclosure components, must be maintained in a state of good repair. Any Swimming Pool Enclosure, and/or any component of any Swimming Pool Enclosure, that deteriorates, becomes rusted, becomes discolored, and/or becomes unsafe, must be immediately replaced and/or repaired.

## **II. LARGE CONTRACT BID SOLICITATION POLICY**

If the Association proposes to contract for services that will cost more than \$50,000.00, it shall solicit bids or proposals for such services contract as provided below. If a bid or proposal is from a board member or related person or entity as defined by Texas Property Code 209.0052, the additional procedures provided by Property Code 209.0052 will be applicable.

1. The following criteria apply to determine whether a services contract will cost more than \$50,000.00:
  - a. The bid process is applicable to service contracts which upon execution of the agreement obligates the Association to pay more than \$50,000.00 during the term of the contract.
  - b. The ability of the Association to terminate a services contract without cause prior to incurring costs in excess of \$50,000.00, does not relieve the Association of the obligation to follow the bid process of this policy if the contract is for a stated term and the total cost of the contract during that initial term is greater than \$50,000.00.
  - c. Amounts under a services contract that are contingent are not included in determining the amount the contract will cost. Costs under a services contract which are unfixed, but certain, shall be estimated to the best of the Association's ability.
  - d. Amounts that may be incurred in the future under a services contract such as would occur upon the renewal of the contract are not to be included in determining the amount the contract will cost. The renewal of an existing contract is not subject to this policy.
2. A proposed services contract that will cost more than \$50,000.00 shall be awarded using the following process:
  - a. The Association shall attempt to obtain a total of three bids or proposals from contractors for the services desired;
  - b. Contractors providing bids or proposals should be insured against liability, have experience providing the desired services, and licensed where required by law;

- c. If after diligent attempts are made to obtain the three bids or proposals, the Association is unable to obtain three bids or proposals from contractors, the Board may consider the proposals obtained and award the contract;
- d. The Association may determine on a case by case basis the specific steps it will use to contact potential contractors and solicit bids or proposals. However, in all cases at least three contractors shall be contacted and bids or proposals solicited. In the event there are not three qualified contractors for a particular service in the market area, the association may limit the process to those contractors that are qualified.
- e. In the case of emergencies, the Association may employ a contractor to best resolve the emergency without following the bid/proposal process.
- f. The Board is not obligated to award contracts to the low bidder but must use due diligence in considering all relevant factors regarding the contractor and their proposal.

### **III. SECURITY MEASURES POLICY**

Pursuant to Section 202.023 of the Texas Property Code, a property owner may install security measures, including but not limited to, a security camera, motion detector, or perimeter fence, to the extent such measure complies with the regulations set forth below.

1. An Owner is prohibited from installing a security camera in a place other than on the Owner's private property.
2. Any security perimeter fence to be installed at or behind the front building line (and as to corner lots, the front and side street building lines) must meet all Association requirements in its dedicatory instruments relative to materials, height, location and appearance for privacy fencing.
3. Any security perimeter fences to be installed forward of the front (or side street) building line are subject to the right of the ARC to require different types of fencing front of the building line than the type behind the building line (including without limitation the type of material, color, style and design) and must comply with regulations to be established by the board of directors of the Association, if any.
4. No Owner may install a security measure that is visible from any street in the Subdivision until they have submitted a written application to, and received written approval from, the ARC.

### **IV. RELIGIOUS DISPLAY POLICY**

Pursuant to Section 202.018 of the Texas Property Code, a property owner or resident may display or affix on the Owner's or resident's property or dwelling, one or more religious items, subject to the following regulations:

1. No Owner may display or affix a religious item that:
  - a. is not motivated by the Owner's or resident's sincere religious belief (the Association should not attempt to discern a person's motive or sincerity of belief beyond that stated by the Owner or resident);
  - b. threatens the public health or safety;
  - c. violates a law other than a law prohibiting the display of religious speech;
  - d. contains language, graphics, or any display that is patently offensive to a passerby for reasons other than its religious content.
2. No Owner may display or affix a religious item on property owned or maintained by the Association.
3. No Owner may display or affix a religious item in violation of any applicable building line, right-of-way, setback, or easement.
4. No Owner may display or affix a religious item to a traffic control device, street lamp, fire hydrant, or utility sign, pole, or fixture.

**V. DEED RESTRICTION VIOLATION HEARING POLICY**

7. The Owner or the Association may make an audio recording of the meeting.
8. The notice and hearing provisions of this policy do not apply if the association files a suit seeking a temporary restraining order or temporary injunctive relief or files a suit that includes foreclosure as a cause of action.
9. The notice and hearing provisions of this policy do not apply to a temporary suspension of a person's right to use common areas if the temporary suspension is the result of a violation that occurred in a common area and involved a significant and immediate risk of harm to others in the subdivision. The temporary suspension is effective until the board makes a final determination on the suspension action after following the procedures prescribed by this policy.
10. Not later than ten (10) days before the association holds a hearing under this section, the Association shall provide to the Owner requesting the hearing a packet containing all documents, photographs, and communications (not to include any attorney-client privileged communications) relating to the matter the association intends to introduce at the hearing.
11. If an Association does not provide a packet within the designated period, the Owner is entitled to an automatic 15-day postponement of the hearing.
12. During a hearing, a member of the board or the Association's designated representative shall first present the Association's case against the Owner. An Owner or the Owner's designated representative is entitled to present the Owner's information and issues relevant to the appeal or dispute.
13. All hearings will be held in private.
14. After the hearing is concluded, the Owner and their designated representative will leave the hearing so the Board may discuss and consider the information presented.
15. The Association will provide the Owner with a written notice with their decision regarding the matter of the hearing.

## **VI. ARC DENIAL LETTER AND APPEAL HEARING POLICY**

1. A decision by the ARC denying an application for request by an Owner for the construction of improvements in the Subdivision may be appealed to the Board.
2. A written notice of the denial must be provided to the Owner by certified mail, hand delivery, or electronic delivery.

Only one hearing is required.
6. During a hearing, the board or the designated representative of the property owners' association and the Owner or the Owner's designated representative will each be provided the opportunity to discuss, verify facts, and resolve the denial of the Owner's application or request for the construction of improvements, and the changes, if any, requested by the ARC in the notice provided to the owner.
